

Spring 2017 Update

MVSB kindly gave the Career Partnership Program a grant of \$5000 to assist in providing a CU Realty Program for the 7th and 8th grade students and to expand our program . Our Interview Workshop in February was well attended with 25 students anxious to learn new interview skills ready for our Job Fair in March. The Job Fair was a huge success with over 144 interview's taking place on site, 20 student's from Moultonborough School and 77 of our students attended. Twenty local businesses attended offering part and full time positions including seasonal and permanent jobs. Many students were hired at the Job Fair while others attended second interviews at the business site. The Job Fair continues to grow as local businesses are excited to hire the students.
